Space and Naval Warfare Systems Center Charleston Awards Contract

CHARLESTON, S.C. — Computer Sciences Corporation, San Diego, Calif., is being awarded a \$5,373,087 indefinite delivery, indefinite quantity, cost-plus-fixed fee type contract for Engineering Support Services for SPAWAR Systems Center (SSC) Charleston. This contract will meet SSC Charleston's requirement to improve engineering/technical and functional business processes. This contract will develop documented processes and process guides for distributed testing, production engineering, requirements management and other areas as appropriate. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$28,162,146. The work will be performed at government facilities and contractor facilities in Charleston, S.C., and is expected to be completed by April 2004. If all options are exercised, the period of performance will continue through April 2008. Contract funds in the amount of \$25,000 will not expire at the end of the current fiscal year. This contract was competitively procured on a full and open competitive basis under NAICS Code 541330 with a size standard of \$23M. The Request for Proposal was posted on the SPAWAR Systems Center E-Commerce website and two offers were received. The SPAWARSYSCEN, Charleston, S.C., is the contracting activity (N65236-03-D-5856).
